

fresh byrba[®]light

Complete food with fibres for adult dogs

Byrba draws on its experience to present **Byrba Fresh Light - Low Activity**: the development of a traditional Giuntini product for dogs who require a fibre-rich diet.

Only carefully selected raw ingredients and fresh chicken and turkey meat are included in the new **Byrba Fresh Light - Low Activity** to give your furry friend a complete and balanced feed enriched with whole flaxseed, a natural source of omega 3.

Thanks to its recipe, which includes Alfalfa (dehydrated lucerne) and concentrated crude fibre, **Byrba Fresh Light - Low Activity** promotes proper digestion for the daily well-being of your four-legged friend.

A product with just 10% fat and no colourants.

***30% more palatable than traditional Byrba.**
