

Our history

Health through nutrition has come a long way. Our way too.

Today the Giuntini plant is the largest Petfood plant in Italy and one of the largest in Europe.

Up to 77 raw material analyzes per day, 385 per week, over 20,000 per year, all of our attention is in their bowl.

Where we are

We are located in central Italy in Città di Castello in the province of Perugia, in the so-called "Upper Tiber Valley".

Our mission

Our life is better, if so is that of our pets.

With our experience we want to sign the well-being of our four-legged friends. Everyday.

Sedentary or lively, puppy or mature, Large or small: we think about each of them every day. That's why we have studied and balanced foods for every need.

Our No GMO choice makes them grow healthy, and our cruelty free choice lets many others grow healthy.

fresh byrba[®] grain free

COMPLETE FOOD FOR ADULT DOGS

Byrba Fresh with Fresh Chicken Grain Free is a highly palatable, complete and nutritionally balanced food with protein from fresh chicken.

An ideal maintenance diet for dogs of all breeds from 6 months of age. This food is suitable for all dogs, living indoors or outdoors, and is particularly recommended for dogs who thrive on a cereal and gluten free diet. The diet formulation supplies all the energy required from potato starch, and is fortified with the inclusion of linseed and whole soya seeds, which are high in the fatty acids omega 3 and omega 6, which can help maintain optimal skin and coat condition.

Byrba Fresh: a new way to eat healthily.

Instructions for proper use: This food is formulated for feeding dry. Remember to always leave a bowl of fresh, clean water available for your pet.

Composition: Meat and animal derivatives (Chicken min. 27% of which fresh meat min. 7%, dehydrated meat min. 20%), Potato starch (min. 15%), Vegetables (Peas min. 10%), Oils and fats, Vegetable protein extracts, Derivatives of vegetable origin (Crude fibre concentrate from natural lignocellulose, Dehydrated alfaalfa), Seeds (Whole soya beans, Whole linseeds min. 1,5%), Yeasts, Minerals.

Analytical components: Crude protein: 28,0%; Crude fat: 20,0%; Crude fibres: 3,0%; Crude ash: 8,0%; Fat acids: Omega 3: 0,8%; Omega 6: 4,5%.

Nutritional additives: Vitamin A: 22.000 I.U./kg; Vitamin D3: 1.400 I.U./kg; Vitamin E: 220 mg/kg; 3b201 Iodine: 0,8 mg/kg; 3b606 Zinc: 20 mg/kg; 3b810 Selenium (Selenised yeast *Saccharomyces cerevisiae* CNCM I-3060, inactivated): 0,1 mg/kg.

Technological additives: Preservatives, Antioxidants.

byrba[®] **fresh** beef and blueberry

ALIMENTO COMPLETO PER CANI DI TUTTE LE TAGLIE CON BEEF FRESH E MIRTILLI

GIUNTINI

ciambellinasnak

Complete food for dog

Ciambellina Snak "Traditional recipe" is a complete balanced food that helps support your dog's health. It is formulated with high-quality and select ingredients (meats, grains, vitamins and fat) to ensure optimum product quality.

Ciambellina Snak contains whole linseed, an ingredient that is rich in omega 3 and omega 6 essential fatty acids, to help promote the health of your dog skin and coat. The balanced fibre sources can be digested at an optimum rate to help maintain the efficiency of the epithelial cells and to aid the proper functioning of the digestive system.

Ciambellina Snak does not contain colouring agents or added salt. Please follow the daily recommended servings to keep your four-legged friend at the ideal weight.

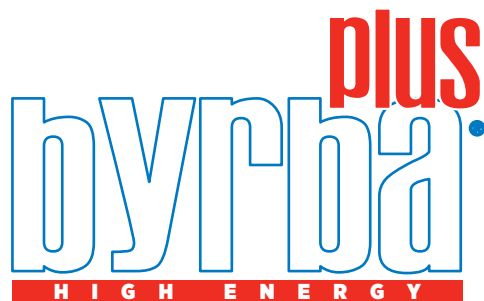

Instructions for proper use: Can be served dry or mixed with liquid (preferably tiepid). Remember to leave plenty of fresh water available in a separate dish.

Composition: Cereals, Derivatives of vegetable origin, Meat and animal derivatives, Oils and fats, Seeds (Whole linseeds min. 1%), Minerals.

Analytical components: Crude protein: 22,0%; Crude fat: 10,0%; Crude fibres: 3,4%; Crude ash: 8,5%.

Nutritional additives: Vitamin A: 10.000 I.U./kg; Vitamin D3: 1.000 I.U./kg; Vitamin E: 100 mg/kg; 3b201 Iodine: 0,8 mg/kg; 3b606 Zinc: 20 mg/kg.

Technological additives: Preservatives, Antioxidants.

Complete food for dogs

Pro^{cane} Junior

WITH MEAT, FISH AND RICE

Complete food for puppies and young dogs

Pro Junior is a complete and precisely balanced food for puppies (from weaning at 6 weeks of age) and young dogs (up to one year of age).

To minimise the risk of intolerances that may arise from the feeding of single protein sources, Pro Junior has been carefully formulated to provide multi-source proteins that promote gentle digestion, from both meat and vegetable sources (fish, chicken, lamb, turkey, beef, potato protein, maize gluten, soya bean seeds and yeast). A careful balance of Omega 3 and Omega 6 oils is fulfilled by the incorporation of whole flaxseed (Omega 3), soya bean and fish meal (Omega 6). Optimal vitamin and mineral supplementation has been carefully targeted at this important growth stage.

Instructions for proper use: This food is formulated for feeding dry. Remember to always leave a bowl of fresh, clean water available for your pet.

Composition: Cereals (Rice min. 10%), Meat and animal derivatives (Chicken, Turkey, Beef, Lamb min. 23%), Derivatives of vegetable origin, Oils and fats, Seeds (Whole soya beans min.1%, Whole linseeds min. 1%), Vegetable protein extracts (Potato proteins min. 1%, Corn gluten meal min. 1%) Fish and fish derivatives (min. 4%), Yeasts (Dried yeast, min. 2%), Vegetables, Minerals.

Analytical components: Crude protein: 29,0%; Crude fat: 14,7%; Crude fibres: 2,2%; Crude ash: 8,0%; Calcium: 1,5%; Phosphorus: 1%; Sodium: 0,28 %; Lisine: 1,6%; Methionine: 0,5%; Fat acids: (Omega 3: min. 0,5% - Omega 6: min. 3,6%).

Nutritional additives: Vitamin A: 25.000 I.U./kg; Vitamin D3: 1.300 I.U./kg; Vitamin E: 200 mg/kg; Vitamin C: 130 mg/kg; Vitamin B1: 7,1 mg/kg; Vitamin B2: 7 mg/kg; Vitamin B6: 5 mg/kg; Vitamin B12: 0,1 mg/kg; Biotin: 0,16 mg/kg; Niacin: 30 mg/kg; Calcium D-Panthenate: 10 mg/kg; Folic Acid: 1,6 mg/kg; 3b101 Iron: 70 mg/kg; 3b201 Iodine: 1,8 mg/kg; 3b405 Copper: 15 mg/kg; 3b502 Manganese: 70 mg/kg; 3b606 Zinc: 75mg/kg; 3b810 Selenium (Selenised yeast *Saccharomyces cerevisiae* CNCM I-3060, inactivated): 0,1 mg/kg.

Technological additives: Antioxidants.

Adult

WITH FISH AND RICE

Complete food for dog

Pro Fish and Rice is a gluten-free, complete food for dogs, highly palatable and nutritionally balanced, with protein from fish. Due to its optimal energy balance, this diet meets the nutritional requirements of all dogs from 6 months of age, living either indoors or outdoors. It is particularly suitable for dogs which are more sensitive to intolerances and benefit from a high fish based diet, without cereals. Pro Fish and Rice is enriched with linseed and soya bean seeds, high in Omega 3 and Omega 6 oils, which help to keep the coat shiny.

Instructions for proper use: This food is formulated for feeding dry. Remember to always leave a bowl of fresh, clean water available for your pet.

Composition: Cereals (rice min. 4%), Meat and animal derivatives, Oils and fats, Fish and fish derivatives (Cod, Tuna, Salmon, Herring min. 6%), Seeds (Whole soya beans min. 1%, Whole linseeds min. 1%), Yeasts, Derivatives of vegetable origin (Crude fibre concentrate from natural lignocellulose), Minerals.

Analytical components: Crude protein: 26,0%; Crude fat: 16,0%; Crude fibres: 2,0%; Crude ash: 7,3%; Calcium: 1,4%; Phosphorus: 1,0%; Sodium: 0,3%; Fat acids (Omega 3: min 0,45% - Omega 6: min 4,0%).

Nutritional additives: Vitamin A: 22.000 I.U./kg; Vitamin D3: 1.400 I.U./kg; Vitamin E: 220 mg/kg; Vitamin C: 100 mg/kg; Vitamin B1: 7,5 mg/kg; Vitamin B2: 7,3 mg/kg; Vitamin B6: 5 mg/kg; Vitamin B12: 0,1 mg/kg; Biotin: 0,15 mg/kg; Niacin: 33 mg/kg; Calcium D-Panthenate: 11 mg/kg; Folic Acid: 1,4 mg/kg; 3b201 Iodine: 0,8 mg/kg; 3b606 Zinc: 20 mg/kg; 3b810 Selenium (Selenised yeast *Saccharomyces cerevisiae* CNCM I-3060, inactivated): 0,1 mg/kg.

Pro^{cane} Adult INTESTINAL

Complete food for dog

Pro Intestinal is a gluten-free complete food for dogs with a sensitive digestive system. The inclusion of Psyllium seed husks provides a highly soluble fiber source, aiding digestion. Designed to help restabilise the intestine, Intestinal Pro contains an optimal balance of soluble and insoluble fibre sources, which helps reduce the impact of issues such as diarrhoea and constipation. The carefully formulated recipe of Intestinal Pro uses multi source protein, aimed at creating a more digestible diet and reducing the risk of intolerances. Quality proteins of chicken, turkey, lamb, beef, salmon, cod, potato protein, maize protein, linseed and soya protein have all been selected to promote gentle digestion. In addition the fat content is slightly reduced (approximately 15% less) compared to the other products of the Pro dog food range, to avoid digestive issues related to fat digestion. Also enriched with whole flaxseed and soya seeds, which are rich in omega-3 and omega-6 oils, Pro Intestinal is formulated to an ideal ratio of omega oils (omega-3 / omega-6 = 1 / 4.8).

Instructions for proper use: This food is formulated for feeding dry. Remember to always leave a bowl of fresh, clean water available for your pet.

Composition: Cereals (rice min. 4%), Meat and animal derivatives (Chicken, Turkey, Lamb, Beef: min. 14%), Fish and fish derivatives (Cod, Tuna, Salmon and Herring min. 7%), Oils and fats, Vegetable protein extracts (Corn gluten mea min. 2%, Potato proteins min. 2%), Seeds (Whole linseeds min. 2%, Whole soya beans min. 2%), Derivatives of vegetable origin (Crude fibre concentrate from natural lignocellulose min. 2%, Psyllium husks 0,4%), Minerals.

Analytical components: Crude protein: 26,0%; Crude fat: 13,0%; Crude fibres: 3,5%; Crude ash: 7,0%; Calcium: 1,2%; Phosphorus: 1,0%; Sodium: 0,4%; Fat acids: (Omega 3: 0,7%; Omega 6: 3,4%), Lisine: 1,5%; Methionine: 0,65%.

Nutritional additives: Vitamin A: 22.000 I.U./kg; Vitamin D3: 1.400 I.U./kg; Vitamin E: 220 mg/kg; Vitamin C: 100 mg/kg; Vitamin B1: 7,5 mg/kg; Vitamin B2: 7,3 mg/kg; Vitamin B6: 5 mg/kg; Vitamin B12: 0,1 mg/kg; Biotin: 0,15 mg/kg; Niacin: 33 mg/kg; Calcium D-Panhotenate: 11 mg/kg; Folic Acid: 1,4 mg/kg; 3b201 Iodine: 0,8 mg/kg; 3b606 Zinc: 20 mg/kg; 3b810 Selenium (Selenised yeast *Saccharomyces cerevisiae* CNCM I-3060, inactivated): 0,1 mg/kg.

Technological additives: Antioxidants.

Small Breed

RICH IN WHITE MEATS

Complete food for dog

Pro Small breed is a complete food for dogs, rich in white meat (chicken and turkey), nutritionally balanced and highly palatable. Ideal for small breeds of dog from 5 months of age, and due to its optimal energy balance this diet is suitable for dogs living either indoors or outdoors.

Pro Small Breed is enriched with linseed and soya bean seeds, high in Omega 3 and Omega 6 oils, which help to keep the coat shiny. The formulation also incorporates tomato extract, a source of lycopene, which has an antioxidant function and acts as an anti-free radical agent.

Instructions for proper use: This food is formulated for feeding dry. Remember to always leave a bowl of fresh, clean water available for your pet.

Composition: Meat and animal derivatives (Chicken and Turkey min. 18%), Cereals (Rice min. 10%), Derivatives of vegetable origin, Oils and fats, Seeds (Whole linseeds min. 1%), Vegetable protein extracts, Vegetables (tomato min. 0,1%), Yeasts, Minerals.

Analytical components: Crude protein: 28,0%; Crude fat: 14,0%; Crude fibres: 2,2%; Crude ash: 7,9%; Lisine: 1,5%; Methionine: 0,5%; Calcium: 1,4%; Phosphorus: 1,0%; Sodium: 0,3%; Fat acids (Omega 3: min. 0,45% - Omega 6: min. 3,5%).

Nutritional additives: Vitamin A: 18.000 I.U./kg; Vitamin D3: 1.300 I.U./kg; Vitamin E: 180 mg/kg; Vitamin C: 120 mg/kg; Vitamin B1: 7 mg/kg; Vitamin B2: 6,5 mg/kg; Vitamin B6: 4,5 mg/kg; Vitamin B12: 0,1 mg/kg; Biotin: 0,14 mg/kg; Niacin: 30 mg/kg; Calcium D-Panhotenate: 10 mg/kg; Folic Acid: 1,5 mg/kg; 3b101 Iron: 70 mg/kg; 3b201 Iodine: 1,8 mg/kg; 3b405 Copper: 15 mg/kg; 3b502 Manganese: 70 mg/kg; 3b606 Zinc: 75 mg/kg; 3b810 Selenium (Selenised yeast *Saccharomyces cerevisiae* CNCM I-3060, inactivated): 0,1 mg/kg.

Crancy®

FamilyLife

Complete food for dog

Crancy Family Life is a balanced and complete meal suitable for the maintenance of adult dogs. It is a high efficiency food, with a low sodium content, formulated for the specific needs of dogs that live indoors with little energetic activity. It provides proteins derived from meat and fish, vitamins, minerals and

cereals like rice, corn and wheat which deliver the correct amount of fibre essential for the wellbeing of the digestive system.

Instructions for proper use: This food is formulated for feeding dry. Remember to always leave a bowl of fresh, clean water available for your pet.

Composition: Cereals (rice min 4%), Meat and animal derivatives (min. 16%), Derivatives of vegetable origin, Oils and fats, Seeds (Whole soya beans min.1%), Fish and fish derivatives (min. 1%), Minerals.

Analytical components: Crude protein: 26%; Crude fat: 12%; Crude fibres: 3%; Crude ash: 7,9%; Calcium: 1,6%; Phosphorus: 1,1%; Sodium: 0,3%; Fat acids (Omega 6: 3,4%; Omega 3: 0,5%).

Kekè®

Ricetta Leggera Light Sterilized

sterilized
cat

Complete feed for adult sterilised cats

Kekè Light Sterilized Recipe has been formulated specifically for sterilised cats of all breeds that are prone to weight gain.

This special recipe has added methionine to help acidify the urine for optimum urinary health, along with carefully selected fibre to reduce calorie content, and carnitine to aid metabolism and avoid weight gain whilst promoting lean muscle maintenance. Kekè Light Recipe supplies nutrients of high biological value, and is highly digestible.

The tasty kibbles, with chicken and fish, are crunchy, crumbly and easy to chew, with top palatability.

This diet is also recommended for more senior cats, due to the high content of antioxidant elements, minerals (zinc), Vitamin E and Vitamin C.

Composition: Cereals, Meat and animal derivatives (Chicken min. 10%), Vegetable protein extracts, seeds (Whole soya beans min. 2%, Whole linseeds min. 1%), vegetables, Derivatives of vegetable origin (Crude fibre concentrate from natural lignocellulose min. 0,5%), fish and fish derivatives (min. 4%), oils and fats, minerals.

Analytical components: Crude protein: 33,0%; Crude fat: 9,0%; Crude fibres: 3,5%; Crude ash: 8,0%; Methionine: 0,8%; Calcium: 1,4%; Phosphorus: 1,0%; Sodium: 0,3%; Fat acids: (Omega 3: min. 0,4% - Omega 6: min. 2,9%).

Nutritional additives: Vitamin A: 20.000 I.U./kg; Vitamin D3: 1.000 I.U./kg; Vitamin C: 70 mg/kg; Vitamin E: 130 mg/kg; 3b201 Iodine: 0,7 mg/kg; 3b606 Zinc: 16,8 mg/kg; Carnitine: 70 mg/kg.

Technological additives:

Preservatives, Antioxidants.

Complete food for cat

KeKè Party Fiesta is a complete food ideal for for cats with low appetite. Keke' Party Fiesta is rich in chicken to guarantee all the protein and high digestibility your cat needs.
